

New York, 19th Nov. 1846.

Rev. Amos A. Phelps,
Port au Prince,

110

Dear Brother,

The Rev. J. B. Johnston of Bd-
fontaine, Logan Co. Ohio has just called on me and says
he is going to Haiti on behalf one Branch of the Reformed
Pres. Chh. He wants a letter to you - says he has com-
pended with me &c. He will take papers for you from N^o 5
Spruce St.

Since you left my time has been
a good deal taken up with the Washington scheme. Dr Bailey
& Prof Hudson came here by invitation and have returned. Dr B.
was sick on his way - while here - and on his return. He has
overworked himself. I was much pleased with him. He readily
came into our plan, & an agreement was made with him.
Since he has returned he has sent an Prospectus which is
to be printed for private circulation. An Hudson is to canvas
Ohio. C. L. Knapp Vermont. I am sending out a written Cir-
cular. Everywhere the plan meets with favor. The Com. voted
that as soon as \$5000 a year for 3 years should be subscribed
to proceed. After about half of it was secured I felt so confi-
dent of success that I guaranteed the whole. We have now I think
nearly \$5000 secured.

We enlarged our plan after conferring
with Prof. Hudson - 1. for the Paper. 2. for Books & Tracts & 3. for
an agent in each free state at least, and calculated that 20
thousand dollars would be wanted a year for 3 years, to accomplish
the whole. We proceed to receive subscriptions accordingly.

Dr B. hopes to have the 1st number out
by January 1st 1847.

Garrison has returned. G. Thompson - Garrison & Wright attached
the N. Y. & A. Anti-S. Com. Garrison seems to have infused his views
into G. T. & C. Douglass is cap's plan to them. A warfare is going on in En-
as here.

Mr Scott wants exceedingly a complete set of the Liberator, &
above all "the complete knowledge of Mr Phelps". Perhaps you can write
specifying what Mr Scott will need to carry on the Garrison con-
vency in England.

Mr Hinton fears that the Evan. Alliance in England
will not vote to exclude Slaveholders.

Members of the Com. are well.

Mr Sturge sends \$25 towards paying your expenses
& G. Smith \$50.

I have thought much of you dear Brother since you left,
sprayed daily for you. That great Being in whose hands our life
breath are will order all things right. May you & your dear
family be preserved for whatever He directs with regard to you or them.

Mr Stone is to be installed this evening, ^{on the Pilgrimage} ^{at the Pilgrimage}. Sincerely his
father I suppose.

The new Miss. agent goes on well. Prof. Whipple of Oberlin
has accepted the appointment of Cor Sec. He is a first rate business
man. We have appointed Mr Dawes of Oberlin Financial Agent
& think he will accept.

The Almanack sells well.

Tracts made up from it so well.
